WIEHLE-CARR : : Wiehle-Carr Architecture Records

Wiehle-Carr Architecture was an architectural partnership between architect A. Louis Wiehle and designer Christopher M. Carr. Bulk dates, 1992-2022. The collection contains a large group of materials related to architectural commissions in residential, commercial, health care, and historic restoration design, including works in association with Taliesin Architects. Collection also holds records related to the Taliesin Fellows organization, publication of the *Journal of the Taliesin Fellows*, and various Taliesin Fellows events. Approximately 40 linear feet. OA+D Archives Collection Number 036.

Architectural Works (1992-2002)

Records related to more than 220 architectural or design commissions from 1992 to 2022. Materials consist of architectural drawings and related project files, models, photographs, and artifacts. Project titles are arranged according to type of work. Project files may contain transmittals; memoranda; meeting minutes and agenda; cost estimates; notes; phone logs; correspondence; consultant information; agency reviews, bidding information; field report; requests for information; change orders; and other project information. Photography files may contain site and construction images; architectural detail photography; historical images; and other forms of visual documentation. Accounting files may contain invoices, billing details, hourly accounting and assigned personnel, contracts, correspondence, transmittals, and similar financial information.
